

Mid-South District
Spring Pastors Conference – EAST
Holiday Inn University Plaza, Bowling Green, KY
May 2-4, 2022

Christianity has often been framed as "the White-man's religion" in many African, and also African American, communities. Such framing ignores the fact that there is documented proof that the beginnings of Christianity largely took place on the African continent. In many ways African Christianity influenced and shaped the Christian mind and heart from the very beginning. This seminar will explore the key figures and doctrines that arose from the African soil that influenced the larger church in the Mediterranean, Europe and Asia and still teach us today.
